## WHAT WE ARE:

March 2007 the Zenway Digital Concepts & Design Center was established, with a small design group and a trained designers on their specialized fields of expertise. Our clients are within the bicol area as of now, but we are expanding thru e-commerce for our expertise in the field of designs. Using state of the art equipment and computers for our designers as a result we have made a great impact on our designs.

We are located in the heart of Bicol - Legazpi City, with a view of the beautiful & Majestic Mayon Volcano, & the church of St. Raphael Archangel as it was used to create this company brochure v3.07.

Roy B. Magdaraog have been trained by the PDDCP (Product Development & Design Center of the Philipines) as a Product Specialist, & work on some of the Advertising Agencies here, & have been a free-lance & on-call designer for some of the Government Agencies, Private Companys, Schools, Colleges & Universities in Legazpi. Also a Senior Product Designer & member of the BIDEAS (Bicol Designer's Association, Inc.) Vice-Preisident-2007 to 2008.

Products Specialization in Trademarks & Logo; Labeling & Packaging; GTH-Gift, Toys & Housewares; Trade Booth Display; Graphic Designs

All design concepts are quality assured & match to clients preference. All of our concepts are done from research, developed, sketch to final digital design softwares from 2D and 3D. All designs are customized for the clients needs.
